Dr. H. B. Johnston has rented the Cohn place on East College street and will move his family there at once. Mr. N. I. Lankford has rented the district parsonage and will occupy it when Dr. Johnston moves out. Dr. Johnston has made this change for the convenience of his wife and daughter, who were unprotected at the parsonage during his often enforced absence from home. The Cohn place being in a more thickly settled section and closer to town removes the objection mentioned above.

The burning of grass and leaves in back yards has caused the turning in of several fire alarms recently and endangered a number of homes. This is due entirely to carelessness and should easily be avoided by proper attention to such rubbish on the part of our citizens. Keep your yards clear of such trash and danger from fire will be greatly lessened at this time of the year.

The home of Guy Burton, located on Key Corner street was destroyed by fire last Thursday afternoon. The building was a complete loss, but most of the furniture was saved. Mr. Burton's little boy was shooting fire crackers in the back yard and accidentally set on fire some rubbish under the back part of the building. Mr. Burton had just completed extensive improvements on his house at an expense almost equaling the amount of insurance carried, which was only \$2,500. His loss will be heavy. \$500 insurance was carried on the furniture.
